DESIGNED TO BRING SMILES

S/S 2026

PLANET-FRIENDLY GIFTS, GAMES & LIFESTYLE

**We're Pikkii, the British design brand creating fun and thoughtful gifts and games designed to make you smile and feel happy inside.**

Since 2016, we've been on a mission to create the world's best gifts and games that spread smiles and bring people closer together.

Everything starts in our London studio, where our brains buzz with playful ideas (powered by endless cups of tea).

We work tirelessly to ensure our designs are as friendly to the planet as they are to people. We partner with makers and factories who share our values, choose better, carefully sourced materials (no single-use plastic here), and even print with soy inks.

Our multi-award-winning creations have become top-sellers in some of the best stores around the world. And we're only just getting started.

Join us, because you should be more picky too.
